SUMMARY

Aspiring Full-Stack Developer with a background in Psychology and hands-on experience building responsive web applications using React, Node.js, Express, and PostgreSQL. Passionate about creating user-focused software with clean, maintainable code and eager to contribute to a collaborative development team.

SKILLS

Technical Skills: JavaScript, HTML5, CSS3, SQL, React.js, Material UI, Node.js, Express.js, PostgreSQL, RESTful APIs

Tools: Git, GitHub, Vite, Postman, Vercel, Render, Neon

PROJECTS

Habit Tracker

April 2026 – July 2026

- Built a full-stack habit tracking application using React, Node.js, Express.js, and PostgreSQL, enabling users to create, manage, and track daily habits through an intuitive interface.
- Implemented JWT authentication with protected routes and developed RESTFUL APIs to support secure user management, CRUD operations, and persistent habit data.
- Designed a fully responsive user interface with Material UI, featuring calendar heatmaps, progress analytics, archived habits, and mobile-friendly navigation.
- Developed reusable React components and organized the application using a modular architecture, improving code maintainability, scalability, and consistency across the project.

Portfolio Website

July 2026 – Aug 2026

- Built a responsive personal portfolio website using React, Vite and Material UI to showcase software projects, technical skills and professional background.
- Designed and implemented reusable React components with a mobile-first approach, ensuring consistent user experience across desktop, tablet and mobile devices.
- Optimized navigation through smooth scrolling, responsive layouts, and accessible interface design to improve usability and readability.
- Organized project showcases with live demo and GitHub links, allowing recruiters to quickly evaluate tech

EXPERIENCE

Teleperformance

Customer Service Representative

Nov 2024 – Jul 2025

- Resolved customer issues through analytical problem-solving while maintaining a high standard of service.
- Managed a high volume of customer interactions in a fast-paced environment with professionalism and accuracy.
- Strengthened communication, teamwork and critical thinking through daily customer engagement.

Total Network Consulting

Remote

Virtual Assistant

Jul 2025 – Present

- Managed administrative tasks including data entry, email correspondence, and report preparation with accuracy and confidentiality.
- Prioritized client requests and coordinated follow-ups to support efficient day-to-day operations.
- Collaborated with clients and team members to maintain organized workflows and meet deadlines.

EDUCATION

University of San Carlos – Talamban Campus

Bachelor of Science in Psychology

Cebu City, Philippines

Graduation: June 2024
